I. Call to Order, and Introductions

Chairperson Christy Graham welcomed and called the meeting to order at 12:10 p.m. The Chair asked everyone to introduce themselves. Welcomed guest Lance Cannedy.

II. Review & Approval of Minutes from March 26, 2018 & June 26, 2018

Chairperson Graham called for the review and approval of the March 26, 2018 & June 26, 2018 Landmark Commission meeting minutes. Mr. Rodney Martin made a motion to approve both sets of minutes; Mr. Andy Lee seconded the motion. Both minutes were unanimously approved.

III. Action Item - Design Review Application – 1403 Hayes – West Floral Heights Historic District – Demolition Request for Rear, Detached Garage

Chairperson Graham introduced the case. Ms. Gagné stated the planning department received an application from Lance Cannedy, representing Meadow Lake Management Group, owners of the property to demolish an accessory structure. The property is located at 1403 Hayes between Ave D and Ave E. The house had a fire 5 years ago (Ms. Gagné provided photos) and the application for repair; current situation involves the detached garage in his application packet. Mr. Cannedy provided photos of structure, but was advised structure is rapidly getting worse with all structural support being gone. Applicant tried to get estimate to look at repairing structure but was advised it was not repairable. Due to health and safety issue the owners are requesting to demolish. Mr. Martin asked

for approximate dimensions. Mr. Cannedy advised it's the size of a single car garage, Mr. Martin states approximately about 12 ft. X 15 ft. and about 8 ft. tall? Mr. Cannedy stated yes, those are about the dimensions. Ms. Gagné turned the floor over to Mr. Cannedy for more info. Mr. Cannedy advised there is a tenant living in the property that is very concerned with safety and the structure falling down. Mr. Cannedy was asked if the main structure was brick and if was on a concrete slab. He stated yes to both questions. Mr. Cannedy was advised by Commission members, if/when rebuilding it would need to come before the board for prior approval. Mr. Martin made comment that there really is no other option other than to demolish it at this point since structurally it is beyond repair. Ms. Michelle Derr made motion to allow demolition of rear garage. Mr. Martin seconded. Motion was unanimously approved. Staff will email applicant and building inspection of Commissions' decision on the case.

IV. Other Business:

a. Monthly Reports:

Depot Square and Historic District:
