### **2019 Asphalt Rehabilitation Project**

As a part of the 2019 Asphalt Rehabilitation Project, concrete and asphalt repairs will begin today, Thursday, November 14<sup>th</sup> on Brook Ave from the Kell West frontage road to Seymour Highway. The construction will require the contractor to periodically close lanes of traffic in small sections, however, one Northbound and Southbound lane will remain open through the duration of the project repairs.

The repairs are expected to take approximately one month, weather permitting. Please use caution and drive slowly when traveling in this area.

We appreciate your continued understanding and patience as we continue to rehabilitate and repair our roadways during this project.

For more information or questions, please contact the City of Wichita Falls Engineering Division at 940-761-7477 or the public information office at 940-761-7402.
