Lane Closures on Kemp at New Panera Bread Location

Wichita Falls, Texas – The Water Distribution Division is conducting a routine tap for the new Panera Bread restaurant located at 3812 Kemp Boulevard (Formerly the Golden Corral location). To facilitate this tap, two Southbound lanes on Kemp have been closed and will remain closed until the work has been completed. Please plan for traffic delays and be careful when driving through the area, as this is a highly congested traffic location.

The City of Wichita Falls appreciates your continued understanding and patience as we continue to maintain the distribution system in order to provide water service to our customers.
