January 22, 2021

Saturday, January 23 COVID-19 Vaccination Clinic – 975 Appointments Filled

Wichita Falls, Texas – The Wichita Falls – Wichita County Public Health District has completed scheduling 975 appointments for the vaccination clinic on Saturday, January 23. The Health District is now scheduling appointments through their current waiting list for Monday, January 25, Tuesday, January 26 and Wednesday, January 27 to administer the remaining 975 Pfizer doses. The Health District will provide further instructions on appointment locations and times to individuals as they are called. In addition, next week the Health District will begin administering the second round of the 500 Moderna vaccines they originally received in December.

- **Please do not call the Health District requesting an appointment. They will call you.**
- Multiple staff will be calling and scheduling appointments from different phone lines at the Health District. There is not one specific phone number that will be used. Please answer any unknown numbers, including SPAM calls. Check your SPAM settings on your phone to ensure the number will go through.
- Please be patient as the Health District is planning the details for the clinic. We will continue to keep the public informed with information as it becomes available.
