Wichita Falls – Wichita County Public Health District Facility Update

Wichita Falls, Texas – The Wichita Falls – Wichita County Public Health District was awarded a grant through the Health and Human Service Commission and the U.S. Department of Agriculture for renovations to the WIC offices located at the Health District. The project begins today, Tuesday, May 25, 2021. Due to construction, the South entrance double doors at the Health District by the WIC offices will be closed. All individuals accessing Immunization Services or Quad Med will need to enter the main entrance doors located by the flag pole. Handicap access will be moved to the ramps located on the south side of the building to the doors with the green awning.

The anticipated time frame for the south entrance doors to be closed is six to eight weeks. Handicap access will remain moved until September 30, 2021.
